

TRANSCAMION

The ferry companies kindly inform:

A new season is starting again in which usually rough weather conditions are to be expected.

To support the ferry companies and to prevent damage at sea, we kindly ask you to carefully check your loading and safety routines, in order to guarantee a sufficient load securing of your cargo for sea transport.

There will be performed sporadic checks on all cargo units, and any units on which the cargo is not sufficiently secured will not be approved for the intended shipment, but instead put "on hold" for further investigation at the port.

We would also like to point out that all loading units must be kitted out with suitable lashing points to be sufficiently secured during the crossing.

These requirements correspond to the existing regulations as well as the practical procedures.

We are convinced that you understand our concern and we welcome your actions to prevent damage to the cargo, the freight units, as well as the vessels used.

Should you have any questions please do not hesitate to contact us.

Shipping Agency · Reedereivertretung · Fähragentur

Sitz der Gesellschaft und Gerichtsstand: München • Handelsregister NO. 55328 • UST ID NO. DE 129481986 • Geschäftsführer: Allan Flensburg, James Howe-Davies, Sarah Pitman
